## BUILDING SAFETY FEES

Effective September 8, 2014

- **Building Plans Review Fees**

Plans review fees pay for the review of plans to determine compliance with applicable codes and ordinances. Building Plan Review Fees are based on a percentage of the calculated building permit fee with a minimum charge for each application.

- **Building Permit Fees/Inspections**

Building inspections are financed by building permit fees. Permit fees for new construction and additions are based on the valuation of the project. In addition to the basic level of inspection services, additional inspection services are available through prior arrangement with the Development Services Department and with payment of the appropriate fee. These services include overtime inspections, re-inspection, optional (non-required) inspections and requests for time-specific inspections.

Temporary/Partial C of O..... \$300.00

Work commencing before permit issuance..... 2 x the normal permit fee

### PLAN REVIEW FEES

Plan review fees are due at time of first submittal and shall be based on the applicants stated valuation.
